His antics on the car, his horsemanship off the car, the break and run off the car, the full tilt, and car and passengers started Eastward at a 2:00 gait.

Among the passengers was Mr. James H. Hall, who promptly took in the situation, got the car stopped, got the current put on the brake and brought the runaway car to a standstill, with no other damage than an 18-karat scar to the lady passengers.

REJECTED REPORT.

Course of Study in the High School Will Not Be Changed.

In March the School Board appointed Mr. Clarence L. Salles, Dr. Thomas E. Pickett, Mr. H. A. Cochran, Miss Fan nie L. Gordon, Prof. Berry, Prof. Hutchins, Prof. Roganigan and Prof. Thomas a special Committee to revise the course of study of the Maysville High School.

After diligently and carefully seeking out the best course as it thought, the Committee report went before the School Board last Wednesday night for final action.

Seven members of the Board were present and upon a yes and nay vote the report was rejected by a vote of four to four.

Yester evening, A. D. Cole, C. L. Salles and James Piper.

The course as now used will remain UNUSUAL ACCIDENT.

A Favorite Horse Plays Motorner on Johnnie Gillespie's Car.

Johnnie Gillespie was at the throttle of his car Eastward on Bridge street.

At the intersection of Second street he met Colonel Jim Green, better known as "The Green Hornet" who was driving a somewhat unruly horse.

The horse, jealous perhaps of the displacement of his kind by electricity, began a series of gyrations that would have made a whirling Dervish red, white and blue with envy, finally landing with both feet on the front platform of the car.

Major "Stretch" had gotten out of his seat and Mr. Gillespie had wisely concluded that there wasn't room on the platform for both himself and the gynaecological horse.

In his antics on the car, his horsemanship off the car, the break and run off the car, the full tilt, and car and passengers started Eastward at a 2:00 gait.

Among the passengers was Mr. James H. Hall, who promptly took in the situation, got the car stopped, got the current put on the brake and brought the runaway car to a standstill, with no other damage than an 18-karat scar to the lady passengers.

Manager Bob Cochran is now plodding—he doesn't know whether to secure Mr. Hall as Chief Engineer, or to employ Mose Daulton's horse as Mortorman.

RUGGLES CAMPGROUNDS.

What is Going on at That Beautiful Place—Large Attendance.

Special Correspondence Public Ledger.

RUGGLES CAMPGROUNDS, Ky., Wednesday, July 31, 1901.

Sunday was a day long to be remembered by all who attended the Ruggles Campground.

The spirit of God was

striving mightily with the unawed and biased minds of the people.

Great waves of glory swept over the assembled congregations and the Evil One was cast into the depths of his manifestations of the power of God. How he hates a shout and a prayer and what a wretched state of mind is it when God says cease from the devil's suggestion as to propriety and formality. He has no place here but fear and fear of the Lord. Not for years has there been such a meeting at Ruggles Campground.

The crowd on Sunday was up to the usual number, the gate receipt showing us that we were receiving the about 1,500 people were on the grounds.

Dr. Cliff is a grand Preacher and all who missed his services regret it to the doubt.

He preached for us two days and set the camp on fire. God give us more of such men.

NOTES.

Rev. W. G. Bradford of Shelbyville, N. H. Young of Wallingford, S. D. Sturtevant of New Haven, and E. K. Price of Manchester are among the new arrivals.

Rev. J. M. Johnson of the M. E. Church, South, of Tolucares was with us Monday night.

Rev. S. Clark of the same church at Maysville was among those who enjoyed the service of Monday night.

Seven have been converted and three sanctified up to date. Many are under conviction and are driving away the Spirit. May they cease their wanderings and come back to God while the Spirit and the Bride say Amen.

Rev. D. P. Holt went to the Springs Monday with a party of folks from Belvoir and the surrounding country.

Rev. Joseph Faber and his good wife took their departure from among us Tuesday for Flemingsburg. They visit there and then return home to beloved

Heavy rains up the river have mudied the stream here considerably, but as our people are good-natured, they are willing to put up with muddy water when they know that the showers have washed the crops in the upper part of the state.

Just a while ago Mr. John O'Keefe started his peanut roaster. It sits on the pavement, over the cedar grate bar, which had been stuffed with excelsior to keep out the heat. The fire from the roaster fell on the grating and soon the cedar bar burst into flames, and the house was on fire.

Promptly the water was turned on and what might have been a serious conflagration was stopped in its incipiency without any damage.

An Open Letter.

We desire to say that our business since January 1st has passed the mark anticipated. We wish to be frank; therefore we are not attempting to tell the truth in a general way, but in the form of a polished essay. The advantage of having merchandise different from that of our competitors is evident, provided that the retailer is known to be reliable. Does not a good name mean more than anything else? As though the advertisers were indulging too freely in *Fine Words*. Most of them are not fine words, but means nothing. Names are invented for goods that have no bearing whatever upon the quality of the goods and twisted until they are no longer relevant, all of which is done to tone the goods up. The public does not care if there's enough of it. Fine feathers make fine birds, but fine words do not make fine goods. We are not advertising because it is a good thing, but advertising doesn't pay unless it is to the advertiser's benefit. That is to plainly tell people what you have to sell, and sell it as low as is consistent with legitimate business methods.

Our spring importation of Dress Goods, including Ladies' Clothing, Artistic and Housekeeping Goods generally is complete. Come and learn how to buy at the lowest price to be as cheap as the cheapest, quality considered. Respectfully,

GEORGE COX & SON.

The Investment Company has taken its place as a permanent institution, and the prejudices that obstructed its early growth are disappearing in the light of experience in its workings. For many months the people of Mason county have been sending over \$1,000 a month to be invested in companies at Lexington and other places. Now that we have a Company at home whose plan is the latest and most approved and whose Managers are personally known to you as men of standing and integrity, why not put your investment with them? Patronize your home institution, and your city and county will develop.

There is still a lingering prejudice in the minds of many people against the investment business. This arises largely from lack of information as to the real principles upon which the business is founded.

Our older citizens remember when the first Building Association was started in Maysville. There was a great deal of opposition to it, but it lived on the prejudice and was the forerunner of the three prosperous institutions that kind in Maysville. The Building Association depends for its success entirely upon co-operation.

Life insurance was a rarity in Maysville in the preceding generation, but now it is difficult to find a man entirely uninsured, who is healthy enough to stand a medical examination.

Life insurance is run upon precisely the same principles as an Investment Company.

Our plan is to help the sick and feeble, to whom life insurance is barred, as well as to the healthy and strong. Don't let prejudice stand in your way because the business is unfamiliar to you, but investigate for yourself, and you like others will be convinced. Call at our office or write to the
